

It's funny how I was able to so quickly notice a strong-will in my daughter as positive, but in myself, it was negative. Why? How could I learn to not just see my own strong-will as good but to also use it for good... for the good of His kingdom?

These questions have stuck with me for years. Because of my strong will, I often found it hard to fully submit to God. At work, relationships suffered because of my "in-your-face" attitude. I just couldn't get it together enough to lead without being annoyed by, what I perceived as, the lack of spunk in those around me.

A Woman of Strength & Purpose spoke to all of these areas in my heart. Tobias calls out the strong-willed woman and lets her know, from a biblical perspective, her qualities are good! Furthermore, she shares how to use this God-given strong will for the good of His kingdom.

In the first chapter there is a "quiz" that Tobias designed to help the reader determine if she is, indeed, a strong-willed woman. I was not surprised that I scored 12/12. Upon this affirmation, I couldn't help but read *A Woman of Strength & Purpose* in one day because it was just too good to put down.

Tobias's writing style is matter-of-fact but still inviting. With her personal and professional experience, she is more than qualified to write a book such as this. It was interesting to read about the many professional hats she's worn and how she has navigated her life experiences with a strong will. Her insight helped me to look at my own strong will through new eyes.

In short, *A Woman of Strength & Purpose* reignited a passion in me that had been begging for attention for many years. While reading, there was one verse from Scripture that kept running through my head: "Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house." *Matthew 5:15*

We were given a strong-will for a purpose. That purpose is never to hide it and pretend it no longer exists, nor is it to strong-arm others so we can get our way. No. We must use our strong will to light the way for others. When God stirs something in our heart that we know we have been called to, we need to rise and use our strong-will for its purpose – to work for the good of His kingdom.

If you are a strong-willed woman, I highly encourage you to read this book.

If you are not sure if you're a strong-willed woman, I highly encourage you to read this book!

A Woman of Strength & Purpose will help you identify ways you have used your strong will negatively and for personal gain. It will also help you understand how to use your strong will for the good of His kingdom. Finally, I am certain that through this book, you will feel blessed and encouraged as a strong-willed woman.
